ENHANCED PROTECTION

You also have additional protection for non-invasive cancer (eg. in situ).

FLEXIBLE USE OF SUM INSURED

You have complete freedom to use the sum insured wherever and whenever you want. For example, to support your family financially, hire support from others, travel or fulfil one of your dreams.

SUPPORT IN CANCER PREVENTION WITH AN ANNUAL APPOINTMENT

Survival rates with good quality of life are high, especially when the disease is detected early.

With the partnership with the CUF network, this insurance includes access to an annual prevention appointment, where medical exams can be prescribed at agreed prices.

FOLLOW-UP AFTER DIAGNOSIS

If you choose a private treatment, you will have access to AdvanceCare's providers network at agreed prices.

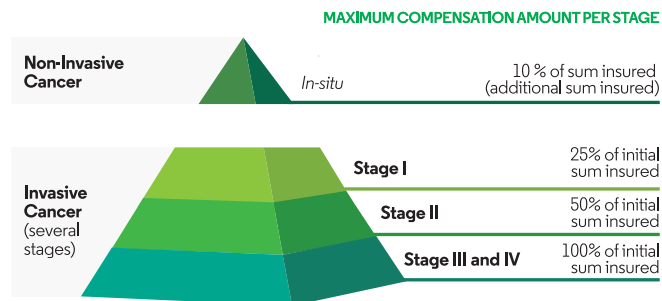

In case of hospital discharge, a phone call will be made to assess the situation, advise and boost postoperative care through the Welcome Home programme.

PAYMENT OF THE SUM INSURED ACCORDING TO THE SEVERITY OF THE SITUATION

EXCLUSIVE ON THE MARKET

In case of invasive cancer diagnosis, the amount to be received will depend on the several stages of the disease until the initial capital is completed.

THE GUARANTEE OF PROTECTION DOES NOT END WITH THE INCIDENT

The insurance can cover more than one case of cancer and is not voided upon payment of an incident (except when the capital of the Invasive Cancer coverage is depleted).

In case of an incident, we assess the situation and respond within 48 hours.
